End use: chair for home and contract suitable to furnish: home, conference, break-out area, library, restaurant, bar and canteen. In addition, you can find, Pocket wood.

Materials, properties and details

Components

The **frame** is composed of two parts combined together by a hinge expressly designed for this chair. The two parts are composed of metal tubes, rectangular-section and round metal rods, welded. It can be powder coated with polyester varnish of the following colours: black (RAL9005), red (RAL3000), white (RAL9010) and aluminium satinated; aluminium embossed (epoxypolyester paint) or chromium plated.

The **hinge** that connects together the two parts is made of nylon and it's available in the same colour of frame (except for the chromed version).

Seat and back are made of polypropylene, injection-moulded, available with the following colours: anthracite, white, dark blue, bordeaux, red, transparent, vanilla, black, light green, orange.

The nylon **gliders** are exclusively designed and produced for Pocket chair, allowing stability and avoiding damages on floors where chairs are placed.

On request, fixed **cushion**, padded and upholstered with fabrics chosen by the customers.

On request, there are three trolleys for transportation: 6 chairs **Pocket trolley** chromium plated, 10 chairs **Pocket "Isola" Trolley** aluminium embossed and 45 chairs **Pocket trolley pro** matt black (RAL9005).

On request, wall hook up to 4 Pocket chairs.

Packaging is made of a cardboard box and polyethylene sheets, and it contains 4 folded chairs. Available 2 chairs box on request. Depending on the number of boxes, they can be stacked up on a pallet. (*)
