

# THE DURABLE EYE-CATCHER.

TABLETOPS

innovation meets tradition

**topa**lit®  
AUSTRIA

# PURITY MEETS PERFECTION.

Exclusive scratch-resistant  
XD surface with Topalit:

Topalit's innovative XD surface offers increased  
abrasion resistance and durability.

## The end of superficiality: Tabletops by Topalit.

When you, like Topalit, deal extensively with a certain idea for years - in our case, the perfect tabletop - you know simply everything about it. That's where our depth of knowledge comes from - the know-how about all the details and efforts necessary to create the perfect product. These experiences also ultimately lead to unique innovations such as Topalit's revolutionary XD surface. Once you have seen and touched our table surfaces, you will immediately feel the high quality.

# NATURE MEETS SUSTAINABILITY.

For the sake of the environment and the future:  
back Topalit for sustainability.

Topalit only uses wood from Austrian, PEFC-certified suppliers and sustainably cultivated forests. No tropical or recycled wood is used.

Topalit tabletops comply with the highest emission standards.

All Topalit products are manufactured in our factory in Ampfwang/Upper Austria. That guarantees you a renowned Austrian quality brand.

Topalit tabletops are natural products and recyclable.

TUV-certified quality and tested to meet stringent safety standards.

# SUNLIGHT MEETS UV-RESISTANCE.

Maximum sun protection for  
your tabletops: Topalit is  
UV-Resistant.

Good weather raises spirits and profits:  
whether it's in a cafe, beer garden or a hotel  
terrace - the nicer the weather, the better the  
business. Your tables are exposed to sunlight  
every day. A UV-resistant, immaculate tabletop  
ensures significantly longer use of your tables.  
And a sense of wellbeing for your guests, even  
after years of use.

Advantages of Topalit:  
UV-light resistance.

Thanks to their high UV-resistance, Topalit  
tabletops are ideally suited to outdoor use.  
We recommend decors in light colors for  
use in bright, direct sunlight.

# PLEASURE MEETS HEAT-PROOF.

Optimum protection for your table: Safety from cigarette embers with Topalit.

It's like a curse: You have only just proudly put up your new table, and the first burn mark appears! A careless smoker cannot harm Topalit tabletops, because the resistant surface hides any carelessness, such as a lit cigarette or embers. **Perfect protection from the start!**

Advantages of Topalit: resistant to cigarette embers and heat

The innovative XD surface is not vulnerable to burning cigarettes and falling embers.

# BBQ MEETS DURABILITY.

## Tough as nails: that's the Topalit guarantee.

Even when tough strain and unpleasant surprises occur, you're on the safe side with Topalit. With a Topalit tabletop, (almost) nothing can happen, because Topalit tabletops are extremely robust and impervious to breakage, shocks, scratches and heat. They're therefore durable and economical! Guaranteed!

SMARTLINE // UTAH BROWN

## Advantages of Topalit: heatproof

Topalit tabletops are durably heatproof up to 180°C.

## Advantages of Topalit: break proof and shock resistant

Our tabletops are versatile, break proof and shock resistant and are not vulnerable to rough handling!

# SPLASH MEETS WEATHER-PROOF.

## Weather Proof and Jointless. Topalit - or do you have a watertight argument?

You are already aware that where there are cracks, joints or other little crevices, sooner or later problems occur like rust, frost damage etc. At Topalit we have found a simple but ingenious solution to all of this: all Topalit tabletops have a waterproof, resistant surface and are jointless. Harmful weather conditions have no chance!

SMARTLINE // TILIA TREE

## Advantages of Topalit: weatherproof

Whether it's a heavy rain shower, pool water or bright sunlight - Topalit tabletops have been used successfully in varied climatic conditions around the world for decades.

## Advantages of Topalit: jointless

Our thermal production process makes Topalit tabletops jointless, so that they offer optimum protection against any weather conditions.

# KETCHUP MEETS EASY CARE.

## The Unbelievably Low Maintenance of Being: Topalit - As practical as it gets!

There are some possible uses where factors like speed and simplicity are particularly important. For example, think of a canteen or a fast food restaurant. Here, Topalit tabletops prove that they're simply unbeatable: they are robust and therefore practical and easy to keep clean.

### Advantages of Topalit: low maintenance

Thanks to the jointless design, dirt and moisture have no chance. The non-porous, sealed surface is incredibly easy to clean.

### Tips for long durability

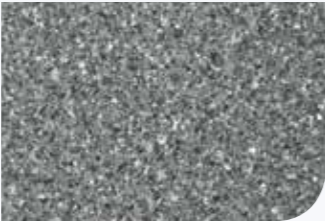

Topalit tabletops are natural products. Made with Austrian wood and resined paper.  
For lasting enjoyment of our products, we recommend:

-  For daily cleaning use water and a mild detergent.
-  Only a small number of decors and Logotops are not suitable for use in direct sunlight.
-  Do not stack the tables on top of one another.
-  For more information, please request a technical information guide.
