## Laurent

Laurent is Bellissa's younger brother – just like her it is made of modules, it also has soft and very comfortable seat cushions, thanks to a special combination of corrugated springs and highly flexible foam. Just by looking at it, you can imagine the comfort of resting on this piece of furniture. You can comfortably sit back and enjoy aromatic coffee and admire the views outside the window, or lie down under a warm blanket, accompanied by your favourite book or film. Laurent is slightly more versatile in style, making it easier to fit into various types of interiors. Its charm is enhanced by a decorative trim and loose decorative pillows.

## What makes the Laurent sofa stand out?

---

They make the seat more flexible and provide excellent underlying support for a highly flexible foam layer.

The highly-flexible foam improves the durability and elasticity of the seat, preventing deformations.

You can choose the fabric from dedicated series, including easy-to-clean fabrics.

The ergonomic and comfortable design of the backrest and seat perfectly fits the curve of the human body.

The upholstered back allows you to put it in the middle of the living room.

The series comes with several colours of legs. Choose your own colour. Do you want to buy the same legs for a chest of drawers? Of course, you can!
