

# Grand Sofà

Antonio Citterio, 2017

Grand Sofà is Antonio Citterio's interpretation of luxurious comfort and contemporary design. The designer's Italian flair for lightness and elegance is united with the trademark quality and precision of the Swiss company Vitra. The clean lines and geometric forms of the generously dimensioned sofa elements create a spacious platform for sitting or reclining. Despite its expansive proportions, Grand Sofà has a slender profile: the slim, fabric-covered body is doubly angled to form a cascading seat, backrest and rearward ledge.

Viewed from any angle, the Grand Sofà presents a graceful silhouette and almost seems to float above the floor. Paired with a compatible coffee table, the sofa defines a focal point in the room. Thanks to the open composition of Grand Sofà and the spatial options this creates, it is possible to sit behind the sofa and use the fabric-covered ledge for laptop work or other tasks. The shelf-like ledge is also suited for storing books, magazines and accessories. To accommodate objects such as glasses, bottles or vases, it can be equipped with the Sofa Tray, which is angled along the sides to fit over the edges. Turned upside down, the Sofa Tray can be used as a practical surface on any flat area of the sofa.

The various sofa elements and diverse selection of cushions offer generously dimensioned surfaces for sitting or reclining and can be combined into many different configurations. Individualised arrangements are also enabled with a wide selection of back cushions – filled either with feathers and down or a combination of feathers and latex – to evoke a somewhat casual style or to achieve a more formal, classic look. The mix of decorative cross-stitching on the seams of the body and the refined flat-felled seams of the cushions are artisanal touches that emphasise the superior craftsmanship of the Grand Sofà.

## Antonio Citterio

The architect and designer Antonio Citterio, who lives and works in Milan, has collaborated with Vitra since 1988. Together they have produced a series of office chairs and various office systems, as well as products for the Vitra Home Collection. The Citterio Collection is constantly being expanded.

1	Grand Sofà	9	Upholstery construction	20-23	Configurations
2-5	Elements	10	Legs	24	Useful facts, care instructions
6	Sofa Tray	11-16	Colours and materials	25	Cross-selling
7-8	Cushions, seating comfort	17-19	Dimensions		

The seating elements are open on the sides, which emphasises the horizontal planes of Grand Sofà. Consumers can choose between a full-length backrest or a shortened version. This makes it possible to produce large seating arrangements with gaps and viewpoints – a sofa landscape with an almost topographical

character, conveying an expression of lightness and variability. Due to the high quality and strength of the construction, no additional supports are required in the middle, despite the length of the sofa elements. The individual elements can be used independently or combined into seating arrangements.

**Note:** the designations 'left' and 'right' refer to the perspective when viewing the sofa from the front.

## Materials

- **Legs:** die-cast aluminium, polished or powder-coated.
- **Body:** metal frame with moulded polyurethane foam.
- **Seat cushions:** polyurethane foam core and chamber cushion (filled with polyurethane foam lozenges, latex and a mix of goose feathers and down).
- **Lumbar cushion 60 x 30 x 6 cm:** filled with a mix of feathers/down and ball fibre.
- **Back cushion 60 x 52 x 8 cm:** filled with a mix of feathers/down and ball fibre.
- **Back cushion 70 x 60 x 8 cm:** filled with a mix of feathers/down and ball fibre – combination with neck cushions recommended.
- **Back cushion 90 x 60 x 8 cm:** heavy filling of latex and feathers – cushion nestles against the angled backrest.
- **Armrest cushion 59 x 27 x 15 cm:** filled with a mix of feathers/down and ball fibre, sand-weighted.
- **Neck cushion 70 x 17 x 15 cm:** filled with a mix of feathers/down and ball fibre, sand-weighted.
- **Covers:** removable.
- **Sofa Tray:** steel covered with split leather.

### Ottoman, Bench

The Ottoman is the matching footrest for Grand Sofà and available exclusively in a tufted version.

The Bench is part of the Grand Sofà family and can serve as a practical seating option or storage surface. It exists in a tufted version only.

#### Bench

- **Legs:** die-cast aluminium, polished or powder-coated.
- **Structure:** metal frame with wooden panel, polyurethane foam and chamber cushion filled with polyurethane foam lozenges, latex and a mix of goose feathers and down.
- **Covers:** removable.

### Sofa Tray

Sofa Tray is a narrow rectangular tray especially designed for use on upholstered surfaces. With the angled edges of its long sides facing upwards, it can rest next to the sitter on a sofa cushion, alongside a newspaper on an ottoman, or even on a wide sofa armrest. Made of steel and covered on both sides with split leather, it provides a sturdy, non-slip surface. The Sofa Tray serves as a secure base for cups and glasses, snack bowls,

books etc., offering a tidy and attractive storage solution. Though specifically developed as an accessory for Grand Sofà – its angled edges fit perfectly face down over the sofa's rearward ledge – the Sofa Tray can be used with any type of sofa.

### Sofa Tray

Back cushions 90 x 60 x 80 cm  
tufted / non-tufted

Back cushions 60 x 52 x 8 cm  
tufted / non-tufted

Armrest cushion 59 x 27 x 15 cm  
non-tufted

Back cushions 70 x 60 x 8 cm  
tufted / non-tufted

Lumbar cushions 60 x 30 x 6 cm  
tufted / non-tufted

Neck cushion 70 x 17 x 15 cm  
non-tufted

The seat and back cushions of Grand Sofà come in different sizes and padding, and are available with or without tufting. Both versions are filled with high-quality padding that provides extraordinary comfort, yet each has a distinctive look: the classic un-tufted pillows have a subtle, calm appearance, while the rhythmic indentations in the tufted cushions emphasise the horizontal lines of Grand Sofà and add a touch of hand craftsmanship.

Full-length tufted seat cushions are available for all sofa lengths. These emphasise Grand Sofà's generous dimensions and elegant aesthetic and allow a flexible arrangement of the back cushions, unrestricted by the layout of seat cushions. Each version is equally comfortable and the covers can be removed on both. There is also an assortment of optional armrest cushions, lumbar cushions and neck cushions.

Tufted cushions

Non-tufted cushions

- **Note:** with the exception of neck and armrest cushions, all cushions are available in a tufted version.
- **Back cushions, armrest cushions and neck cushions are not included with the sofa and must be ordered separately.**

**Conversation**

This cushion configuration is especially conducive to an upright sitting position – for drinking coffee, reading etc., or for chatting with another person seated opposite on a sofa or chair. In spite of the upright posture, the user can still sink into the soft cushions and enjoy the sofa's extraordinary comfort.

**Relax**

This combination of cushions ideally complements a Chaise Longue or a sofa element. Stretched out on the Chaise Longue or sofa, users can fully recline and rest their head on the ledge, which is padded by the cushions. The lumbar cushion also provides extra spinal support.

**Informal**

Thanks to the backrest ledge, which is padded with an angled back cushion, it is possible to take advantage of the full depth of the sofa. This is a natural posture for casual communication between two people sitting or reclining next to each other. The slant of the backrest particularly augments the comfort of Grand Sofà when sitting sideways.

### Sectional drawing of upholstery construction

The base comprises a metal frame covered with moulded polyurethane foam. Exceptional comfort is provided by the high-quality construction of the seat cushions, which feature a moulded foam core plus a chamber cushion filled with polyurethane foam lozenges, latex and a mix of goose feathers and down. An ultimate level of personalised comfort can be achieved with a selection of back and lumbar cushions.

### USEFUL FACTS ABOUT UPHOLSTERY

Vitra has over fifty years of experience in the production of upholstered furniture. Premium materials, skilled craftsmanship and high quality standards at Vitra are a guarantee for long-lasting products. In Vitra's own test centre, our upholstered furnishings are regularly subjected to a wide range of tests that far exceed common standards.

#### Care instructions:

An upholstery construction with a mixture of goose feathers and down significantly contributes to the extraordinary comfort of Grand Sofà. These are natural materials that are carefully processed. As is the case for many premium, exclusive materials, their use requires consistent care of the finished product. To retain the original fullness and shape of the sofa over many years of use, the cushions should be shaken and plumped at regular intervals. Folds and creases from sitting can be prevented by smoothing the cover material after use.

Exposure to direct sunlight should be avoided if possible, since ultraviolet rays can cause cover materials to fade.

## LEGS

**vitra.**

Elegant, bridge-like legs support the body of Grand Sofà. They are available in polished aluminium or powder-coated in basic dark.

### **Polished aluminium**

Grand Sofà configuration with 3-Seater, open on left, individual tufted seat cushions; paired with Chaise Longue right, individual tufted seat cushions, Credo cover fabric in dolphin/steel blue 20; frame and legs in polished aluminium.

### **Powder-coated in basic dark**

Grand Sofà configuration with 3-Seater, open on left, individual tufted seat cushions; paired with Chaise Longue right, individual tufted seat cushions, Linho cover fabric in atlantic 09; aluminium frame and legs powder-coated in basic dark.

# Corsaro Home, F8o

**vitra.**

Corsaro is a sophisticated combination of fine and coarse yarns that give the fabric a natural look with a Mediterranean flair. The two-tone and three-tone shades interwoven with several novelty yarns add particular vibrancy to large surface areas.

Corsaro is available in 13 colours.

Material	5% polyamide, 10% cotton, 46% polyacrylics, 5% linen, 20% wool, 14% polyester
Weight	450 g/m <sup>2</sup> (13.3 oz/y <sup>2</sup> )
Width	140 cm +/- 2 cm (55")
Abrasion resistance	35,000 Martindale
Fastness to light	Type 5
Pilling	Grade 3-4
Fastness to rubbing	Grade 3-4 dry and wet

# Cosy 2 Home/Office, F8o

Cosy 2 is a high-quality milled woollen cloth with a warm character. The lively melange yarn emphasises the fabric's natural colours – from delicate shades to vibrant hues – and gains added elegance with colour-coordinated stitching. The fabric offers thermal comfort and excellent durability, making it suited for upholstered furniture in office settings as well as residential applications.

Cosy 2 is available in 15 colours.

Material	20% polyamide, 80% new wool
Weight	590 g/m <sup>2</sup> (17.4 oz/y <sup>2</sup> )
Width	154 cm +/- 2 cm (60")
Abrasion resistance	50,000 Martindale
Fastness to light	Type 6
Pilling	Grade 4-5
Fastness to rubbing	Grade 4-5 dry and wet

# Credo Home/Office, F120

Credo is a durable woollen fabric made of premium worsted yarn with a pleasant feel. The two- and three-tone colours give this fabric a characteristic structure and vibrant appearance. Credo allows for an effective exchange of heat to ensure comfortable thermal conditions for the sitter. The fabric can also be used in office environments.

Credo is available in 22 colours.

Material	5% polyamide, 95% new wool
Weight	640 g/m <sup>2</sup> (18.9 oz/y <sup>2</sup> )
Width	145 cm +/- 2 cm (57")
Abrasion resistance	100,000 Martindale
Fastness to light	Type 6
Pilling	Grade 4-5
Fastness to rubbing	Grade 4-5 dry and wet

# Dumet Home, F80

Dumet is a cotton blend in a plain weave with a lively appearance. The natural mixed tones create an elegant look with an Italian flair. Dumet is soft and cool to the touch.

Dumet is available in 20 colours.

Material	9% polyamide, 46% cotton, 8% linen, 22% wool, 15% rayon
Weight	485 g/m <sup>2</sup> (14.3 oz/y <sup>2</sup> )
Width	147 cm +/- 2 cm (57")
Abrasion resistance	40,000 Martindale
Fastness to light	Type 5
Pilling	Grade 3-4
Fastness to rubbing	Grade 3-4 dry and wet

# Iroko 2 Home, F8o

**vitra.**

Iroko 2 is a soft, flat woven fabric made with chenille yarn. The piles in the yarn give the weave a lively surface texture with an inviting, velvety touch. The fabric's cotton fibres provide excellent cooling properties.

Iroko 2 is available in 17 colours.

Material	32% cotton, 48% polyacrylics, 20% polyester
Weight	700 g/m <sup>2</sup> (20.6 oz/y <sup>2</sup> )
Width	152 cm +/- 3 cm (60")
Abrasion resistance	40,000 Martindale
Fastness to light	Type 5
Pilling	Grade 3-4
Fastness to rubbing	Grade 3-4 dry and wet

# Linho Home, F8o

The high-quality linen fabric Linho is manufactured in Belgium, from the plant to the finished textile. It has the slightly irregular appearance that is typical of linen yarn. Due to its high percentage of linen, Linho tends to form elegant creases, lending a natural look to soft upholstered furniture.

Linho is available in 10 colours.

Material	9% polyamide, 91% linen
Weight	450 g/m <sup>2</sup> (13.3 oz/y <sup>2</sup> )
Width	137 cm +/- 2 cm (54")
Abrasion resistance	18,000 Martindale
Fastness to light	Type 5
Pilling	Grade 3
Fastness to rubbing	Grade 3 dry and wet

# Mello Home, F40

Mello is an elegant cotton fabric with a pleasant softness and cool tactile qualities. Thanks to a thicker melange yarn of recycled cotton, the robust twill weave has a lively yet balanced appearance. The understated colour palette for Mello ranges from pastel tones to natural, earthy shades and darker hues.

Mello is available in 8 colours.

Material	80% cotton, 20% polyester
Weight	530 g/m <sup>2</sup> (15.6 oz/y <sup>2</sup> )
Width	142 cm +/- 2 cm (56")
Abrasion resistance	30,000 Martindale
Fastness to light	Type 5
Pilling	Grade 4
Fastness to rubbing	Grade 3-4 dry and wet

# Nubia Home, F100

Nubia is a blended fabric with a very lively, natural appearance. Its fine sub-structure is interspersed with voluminous bouclé yarn, which gives the fabric depth and a soft, inviting touch. The varying combinations of yarns in natural tones yield either contrasting or calm colour compositions with a distinctly Mediterranean flair.

Nubia is available in 11 colours.

Material	2% polyamide, 30% new wool, 25% polyacrylics, 43% polyester
Weight	570 g/m <sup>2</sup> (16.8 oz/y <sup>2</sup> )
Width	140 cm (55")
Abrasion resistance	35,000 Martindale
Fastness to light	Type 5
Pilling	Grade 4
Fastness to rubbing	Grade 3-4 dry and wet

# Savana Home, F8o

**vitra.**

Savana is a blended fabric woven from yarns of varying thickness, which give it an irregular texture with a lively and elegant appearance. A palette of subdued and natural earth tones, along with the dry, pleasant feel of the textile, emphasise the fabric's Italian flair.

Savana is available in 8 colours.

Material	8% polyamide, 19% cotton, 50% polyacry- lics, 23% linen
Weight	820 g/m <sup>2</sup> (24.2 oz/y <sup>2</sup> )
Width	140 cm (55")
Abrasion resistance	30,000 Martindale
Fastness to light	Type 5
Pilling	Grade 3-4
Fastness to rubbing	Grade 3-4 dry and wet

# Reed Home, F10o

The elegant finely patterned fabric Reed is a blend of linen, wool and cotton. The structure of the fabric designed by Hella Jongerius has a hand-made look, its irregular lively linen yarn lending the fabric a natural expression. Reed is cool and soft to the touch and can be perfectly combined with other fabrics and materials.

Reed is available in 19 colours.

Material	7% polyamide, 48% cotton, 25% new wool, 20% linen
Weight	400 g/m <sup>2</sup> (11.8 oz/y <sup>2</sup> )
Width	142 cm +/- 2 cm (56")
Abrasion resistance	50,000 Martindale
Fastness to light	Type 5
Pilling	Grade 3-4
Fastness to rubbing	Grade 3-4 dry and wet

Cover fabrics have a decisive influence on the appearance and characteristics of upholstered furniture. Along with the type of material, weave and aesthetic features of the textile, a major role is played by technical properties such as resistance to abrasion, fading or stains.

Function and performance are primarily determined by the type of fabric used. In general, synthetic fibres are superior to natural fibres in terms of their technical characteristics. For this reason, blends of different materials are employed to combine the advantages of the individual fibres.

In the following, you will find some of the key features of the textiles used by Vitra in its upholstery covers:

**Cotton (CO)**

Skin-friendly natural fibre of plant origin, comfortable to the touch, readily absorbs moisture. Often inferior to synthetic fibres with regard to colourfastness and light resistance; flat weaves susceptible to pilling.

**Linen (LI)**

Natural fibre of plant origin with slight lustre, cool and comfortable, repels dirt, no pilling. Limited colourfastness to light and crocking, creases easily.

**Wool (WO)**

Elastic natural fibre of animal origin, naturally self-cleaning – a brief airing disperses absorbed odours, leaving the wool smelling neutral and fresh again. Good resistance to light and abrasion, highly absorbent, minimal creasing, low flammability. Subject to pilling and matting.

**Polyester (PE), Polyacrylic (PA), Viscose (VI)**

Synthetic, highly uniform, lightfast fibres. The non-absorbent properties of synthetics can be mitigated with fibre blends and weaving techniques. The overall look of a piece of furniture is influenced by the colour and type of cover fabric, its properties (elastic or non-stretch) as well as the upholstery technique (removable or attached cove...

The overall look of a piece of furniture is influenced by the colour and type of cover fabric, its properties (elastic or non-stretch) as well as the upholstery technique (removable or attached covers). Consequently, a sofa can take on a different appearance depending on the cover material. Generally speaking, cover fabrics with some elasticity are less susceptible to creases and puckering, since they have an adaptable fit on three-dimensional forms.

**CARE INSTRUCTIONS**

**Care instructions:**

All Grand Sofà covers are removable. Fabric covers can be taken to a professional cleaner. Prior to treatment, please be sure to note the material composition of the cover fabric.

Should you ever need to replace individual parts or covers due to wear and tear, please contact your local Vitra retailer.

## CROSS-SELLING

**vitra.**

The elements of Grand Sofà can be grouped into diverse arrangements and combined with other products – such as the Eames Coffee Table, now available in a new size of 180 x 90 cm – for further personalisation. Harmonious ensembles are also possible with the Plate Tables, Noguchi Coffee Table or the Occasional Low Tables. Various chairs, stools or benches are handy for sitting at the sofa's rear-facing ledge, while decorative blankets and cushions from the Vitra Accessories Collection add a special touch.
