

Plate Table

Jasper Morrison, 2004

In keeping with Jasper Morrison's philosophy of 'super normal' design, his Plate Tables are characterised by an unassuming, classic shape and finely balanced proportions. Available in different sizes, the tables derive their charm from the successful interplay of subtle curves and precisely defined edges. The refined base and the thin table top in premium solid wood, marble or powder-coated MDF form a harmonious whole, yet are clearly distinct from each other.

The dimensions of the Plate Tables are coordinated so that several tables can be grouped together to form a large surface area or to create diverse arrangements. This flexibility offers ideal solutions in regard to both size and shape for the requirements of different interiors or for unusual sofa configurations.

Materials

- **Table top:** solid wood with oiled finish, natural or smoked oak or American walnut; powder-coated MDF; or Carrara marble, brushed and waxed; table thickness 15 mm.
- **Base:** die-cast aluminium and powder-coated tubular steel.
- **Origin of wood:** oak (*Quercus robur*) from Western Europe and/or Poland; American walnut (*Juglans nigra*) from the USA.

DIMENSIONS

410 16¼"
710 28"
1130 44½"
