Leather
Piel / Grade L3

Composition / Composición
Bovine leather of European origin
Piel bovina de origen europeo

The leathers have passed comprehensive processes of classification and treatment. The naturalness makes the texture appreciated from the marks and irregularities of the leather.
Las pieles han pasado exhaustivos procesos de clasificación y tratamiento. La naturalidad hace que en su textura se aprecien ciertas marcas e irregularidades propias de la piel.

Leather
Elmotique VII / Grade L6

Composition / Composición
Bovine leather of scandinavian origin
Piel bovina de origen escandinavo

Elmotique is aniline leather with a batique-effect and displays all the features possessed on the original hide. Visible insect-bites and scars from healed wounds add to the natural character of the leather.
To preserve, clean and sustain the leather, treat it a product specifically for leather.
Elmotique es una piel anilina con un efecto batique, en la que se muestran todas las características que posee la piel original. Por ello, son visibles picaduras de insectos y cicatrices de heridas, que se suman al carácter natural de la piel. Para preservar, limpiar y mantener el cuero, trátelo con un producto específico para el cuero.
