

Panca modulare disegnata per grandi spazi indoor o outdoor, caratterizzata da scanalature che, oltre a creare una texturizzazione elegante, danno continuità quando più moduli vengono accoppiati assieme. Più elementi accostati possono ricreare comodi divani o composizioni articolate e dinamiche. Disponibile su richiesta il sistema di fissaggio a terra.

Modular bench designed for large indoor or outdoor places. The grooves it features create an elegant texture and give continuity to the form, concealing the joints when multiple modules are put together. You can combine several units to create comfortable sofas or dynamic compositions. Available on request the fixing kit system.
