Omnia collection

by **NEISAKO**

The archetypal silhouettes of the armchair are gently reinforced by refined transitional shapes.

Concrete and clear geodesics of constructive membrane from the outside turn from convex to concave, hence supporting ergonomic line that harmoniously embrace the volumes of backrest and armrests.

Upholstered elements are rich in dimensions and together with specially designed substructures enable cosy and long sitting sessions in many positions.

Omnia is, thanks to its elegant silhouette and comfortable character, convenient for both formal and informal interior settings.

Additional connector/sideboard element and rectangular arrangement provide possibilities for spatial setups in which by connecting the armchairs is possible to create a free-form floor plan in raster-like formation, which then provides the freedom to change the orientation in desired direction.

SPECIFICATIONS AND TECHNICAL DRAWING

SEAT	HR foam, polyester wadding	UPHOLSTERY SEAT AND BACK	fabric (non-removable)
BACKREST AND ARMREST	HR foam, polyester wadding	OUTER SHELL	bent plywood, upholstered in leather or fabric (see chart)
CONSTRUCTION	powder coated steel	CONNECTING BOARD	powder coated steel
SUPPORT	elastic webbing		
BASE	powder coated steel / sand-grinded inox		

ARMCHAIR

dimensions 91 × 83 × 70 cm
