

PearsonLloyd

Eleven High Back

IT

La collezione di imbottiti *eleven*, progettata dal duo britannico PearsonLloyd si amplia con l'introduzione di una nuova variante che ne rappresenta il naturale completamento. La nuova proposta *high back*, disponibile sulla poltrona e sui divani 2 o 3 posti, prevede pannelli laterali e posteriori, che si fissano alle gambe in alluminio, creando una zona protetta di privacy, ideale per gli spazi di lavoro.

DE

Die Polsterkollektion *eleven* ist ein Projekt des britischen Duos PearsonLloyd und wird durch einer neuen Variante, die eine natürliche Komplettierung darstellt, erweitert. Das neue Produkt *high back* für Sessel und für 2-oder 3-sitzige Sofas sieht Seiten- und Rückpaneele vor, fixiert an den Aluminiumbeinen, um somit eine Privatsphäre zu schaffen, welche ideal fuer Arbeitsumgebungen ist.

EN

The *eleven* sofa collection designed by the British duo PearsonLloyd is seeing an extension thanks to a new version which naturally completes the collection. The new *high back* version is available as the armchair and as two or three-seater sofas and it features side and rear panels fixed to the aluminium legs creating a protected area for privacy, ideal for working areas.

FR

La collection de canapés rembourrés *eleven*, projetée par le duo britannique PearsonLloyd, accueille une nouvelle variante qui est son complément naturel. Le nouvel article *high back*, disponible pour le fauteuil et les canapés 2 ou 3 places, prévoit des panneaux latéraux et postérieurs qui se fixent sur le piètement en aluminium afin de préserver l'intimité, idéal pour les espaces de travail.

eleven high back privacy

Un volume in legno curvato supporta un piano sagomato fisso, realizzato in MDF impiallacciato. Oltre alla dimensione compatta, i punti di forza di questo progetto si traducono nella trasportabilità, nella possibilità di dotare il piano di elettrificazione, ma soprattutto nel perfetto equilibrio fra esperienza di privacy e accorgimenti di sicurezza: pur garantendo la riservatezza di chi ne usufruisce, il modulo può essere ispezionato facilmente così da rientrare nelle normative di sicurezza applicate, negli spazi pubblici.

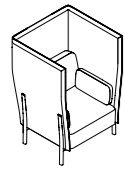

A curved wooden structure supports a fixed top made from veneered MDF. Besides its compact design, the strong points of this project include transportability, the possibility of connecting the worktop to the power supply; and, first and foremost, a perfect balance between the degree of privacy afforded and the safety measures built into the module: while ensuring a private space for the user, in fact, the eleven high back desk can be easily inspected as required by safety regulations on fixtures for use in public spaces.

Ein Volumen aus gebogenem Holz trägt eine feststehende Fläche aus MDF in Furnier. Neben der Kompaktheit bietet dieses Projekt Transportierbarkeit und die Möglichkeit der Stromversorgung der Tischfläche, aber vor allem eine perfekte Ausgewogenheit von Privatsphäre und Sicherheit: Das Modul garantiert die Privatsphäre des Nutzers, kann aber leicht kontrolliert werden und erfüllt so die Sicherheitsanforderungen in öffentlichen Räumen.

Un volume en bois cintré soutient une surface façonnée fixe réalisée en MDF plaqué. En plus de la dimension compacte, les points forts de ce projet se traduisent par la facilité de transport, la possibilité d'électrifier le plan de travail, mais surtout par l'équilibre parfait entre l'expérience de discrétion et de systèmes de sécurité: tout en garantissant la discrétion de l'utilisateur, le module peut être facilement surveillé en conformité avec les normes de sécurité appliquées dans les espaces publics.
