

Cosima series

Designed by kaschkasch, Germany

A true Bolia classic, the Cosima sofa, now comes in a sofa bed version too. Great for overnight guests or the cosy movie night. The exterior won't reveal that it is any different from the original – we've made sure to keep the outside classic and the inside innovative, offering plenty of comfort with bed slats reinforced with fibreglass. The sofa will easily transform with a single pull, unveiling a comfortable and inviting bed in full size.

Meet the designer

Our goal is to create simple and intuitive products – something that isn't over-complicated, yet is still beautiful. We always strive to design no-frill products that still possess a poetic element. We find our inspiration in almost anything. Building sites, fish markets, people, their way of behaving and so on. It isn't just about the surroundings, it's also about the interaction. For us, good design is when it feels like it's never been any different. Something that makes sense when you look at it, or something that gives you an intense feeling of pleasure.
